New from the AAP!

Sound strategies for connecting with tough-to-reach teens

Learn how top youth-serving professionals empower positive behavior change....

Quick-access how-to manual—print or electronic

Up-close-and-personal video segments

Ultraconvenient CME/CEU opportunities

“An action-oriented road map linking today’s adults with tomorrow’s successors.... Reaching Teens is the art of healing at its best.”

—Gail B. Slap, MD, MSc, FSAHM

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®
Here’s how to use strength-based communication strategies to help teens turn their lives around…

Reaching Teens
Strength-Based Communication Strategies to Build Resilience and Support Healthy Adolescent Development

This all-new multimedia resource embodies the core belief that identifying, reinforcing, and building on inherent strengths can facilitate positive youth development.

Text and video components combine to show how expert-tested, strength-based communication approaches work to engage today’s teens. Contributions from leading practitioners—plus firsthand perspectives from teens—help you refine your communication strategies and skills.

Successful solutions targeting today’s foremost youth-development issues
Created to benefit all professionals who serve adolescents, Reaching Teens explores and demonstrates communication strategies for diverse health care, counseling, youth program, and educational settings.

Professionals and teens offer hard-won insight on addressing behavioral and emotional issues…crisis management…stress management…sexuality…grief…depression…peer pressure…substance abuse…sexual abuse…bullying—virtually all the issues you’re most likely to encounter.

Bolster your communication savvy with this multifaceted how-to resource.
Turn here for actionable advice and counsel spanning your toughest youth communication challenges.

• How to help teens recognize existing strengths
• How to empower wiser decisions and healthier choices
• How to foster resilience-building
• How to ally with parents and support effective parenting
• How to develop and prioritize your interventions
• How to help with special psychosocial and environmental challenges
• How to de-escalate crisis situations
• How to establish appropriate boundaries
• How to serve populations with special health care needs
• How to practice effective self-care that enhances your ability to serve youth…plus much more!

The Society for Adolescent Health and Medicine (SAHM)
on Reaching Teens
“This is an important project with tremendous potential to engage all youth-serving professionals and better prepare them to communicate with youth, foster resilience, and promote positive youth development.”

Debra K. Katzman, MD, FSAHM
SAHM President, 2013–2014

Read...Watch...Listen...Learn.
Reaching Teens includes

• 613-page print or electronic text—Brief chapters provide context for more detailed content in the videos.
  AAP eBook edition enables point-and-click access to video materials.
• Cloud-based videos—Choose from 400+ segments expanding on the text with in-depth explanations...live-action demonstrations...personal accounts from program staff and participants...and more.
• CME/CEU opportunities—Earn up to 65 credits via chapter-specific quizzes.
• Group discussion topics—Join with your colleagues to evaluate recommended approaches.

Continuing Education Credits

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education (CME) for physicians.

The AAP designates this live activity for a maximum of 65 American Medical Association (AMA) Physician’s Recognition Award (PRA) Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 65 AAP credits. These credits can be applied toward the AAP CME/Continuing Professional Development (CPD) Award available to fellows and candidate members of the AAP.

This program is accredited for 65 National Association of Pediatric Nurse Practitioners (NAPNAP) CE contact hours, of which 0 contain pharmacology (Rx) content per the NAPNAP Continuing Education Guidelines. The American Academy of Physician Assistants accepts certificates of participation for educational activities certified for AMA PRA Category 1 Credits™ from organizations accredited by the ACCME. Physician assistants may receive a maximum of 65 hours of Category 1 Credit for completing this program.

This program is approved by the National Association of Social Workers (approval 888636709-2021) for 60 social work CE contact hours.

For more information and to register for education credits, visit www.aap.org/reachingteens.
Reaching Teens
